Afoot and light-hearted I take to the open road,
Healthy, free, the world before me,
The long brown path before me leading where I choose.

Oh highway I travel, do you say to me do not leave me?
Do you say venture not — if you leave me you are lost?

And at the end of it he knew, and with the knowledge came a definite sense of direction toward which he had long been groping, that the dark ancestral cave, the womb from which all mankind emerged into the light, forever pulls us back, that you can't go home again . . .

You can't go back home to your family, to your childhood.
Back home to romantic love, to a young man's dream of
glory and fame,
Back home to the ivory tower, and places in the country
away from all the strife and conflict of the world,
Back home to the father you have lost and have been
looking for,
Back home to someone who can help you, save you, ease
the burden for you,
Back home to the old forms of the systems and things
which once seemed everlasting but which are changing
all the time.
Back home to the escapes of time and memory.

And so I turn again to the open road
to seek, to be at peace with myself.

So long as I can see I will keep looking.
As long as I can walk I will keep moving.
I am on the loose.

STAPLES PLAYERS

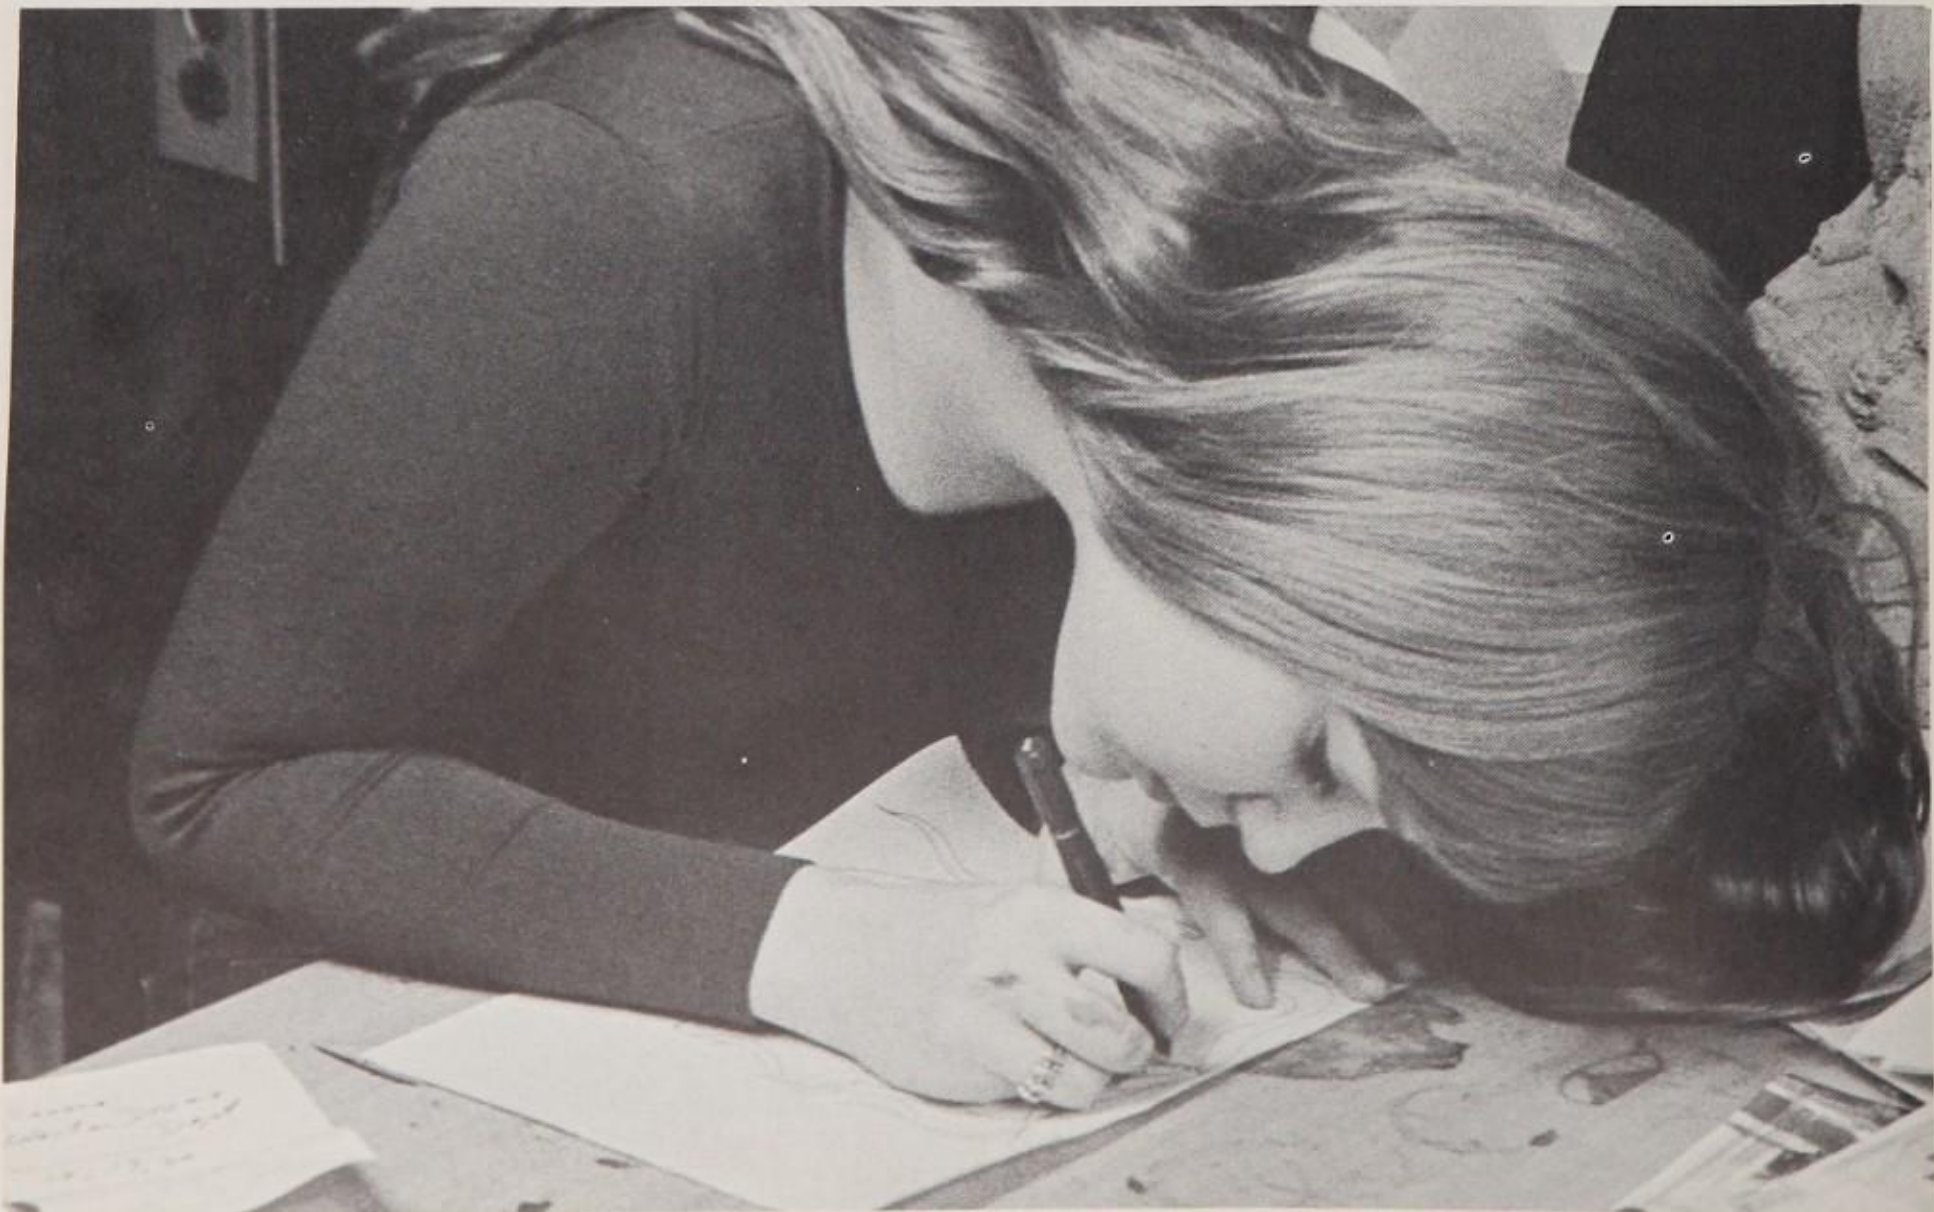

Staples Players have been winning top drama awards for more years than most of us can remember. They were judged tops in the Connecticut State Drama Festival competition for so many years, that the Players voluntarily withdrew from this competition for a year or two. It's open to all high school groups in the state desiring to enter.

Several years ago, the Players won the top award in competition among high school drama groups along the eastern seaboard and that same year won recognition for skillful production of Shakespearean plays.

The Players, this year, became the only high school drama group in the United States to win the coveted Moss Hart award twice. The talent and hard work exhibited by the Staples Players is a credit to the students, the school, and director. And recognition of their achievement would not be complete without a word of praise for the hard working behind-the-scenes production crews.

The Wreckers, under the direction of Coach Jeff Lea and Co-captains Dale Hollingsworth and Steve McCoy, started off the season by winning three jamboree games and their first regular-season contest, but then lost to Nyack of N.Y., where Randy Sterling became the only person to score on Staples all year, booting in two goals to hand the Wreckers their first regular-season defeat in fifty-five games. This spurred Staples on, but in the Danbury contest, Hollingsworth broke his leg. Coach Albie Loeffler returned, after suffering a heart attack, in mid-season, and with two coaches Staples picked up steam. They slaughtered Norwalk 5-0 in the county championship, and then played excellent tournament games to reach the finals for the fourth year in the row. The game, versus Conrad of West Hartford, went into four overtimes, and was called by some "the best high school game ever played in the East." It ended in a scoreless tie, and Staples was state champs for an unprecedented second year in a row! At the annual awards banquet, Steve Levin was named Most Valuable Player and Trip Pearce Most Improved. The state championship 1970 squad wishes the 1971 team the best of luck.

Co-State Champs

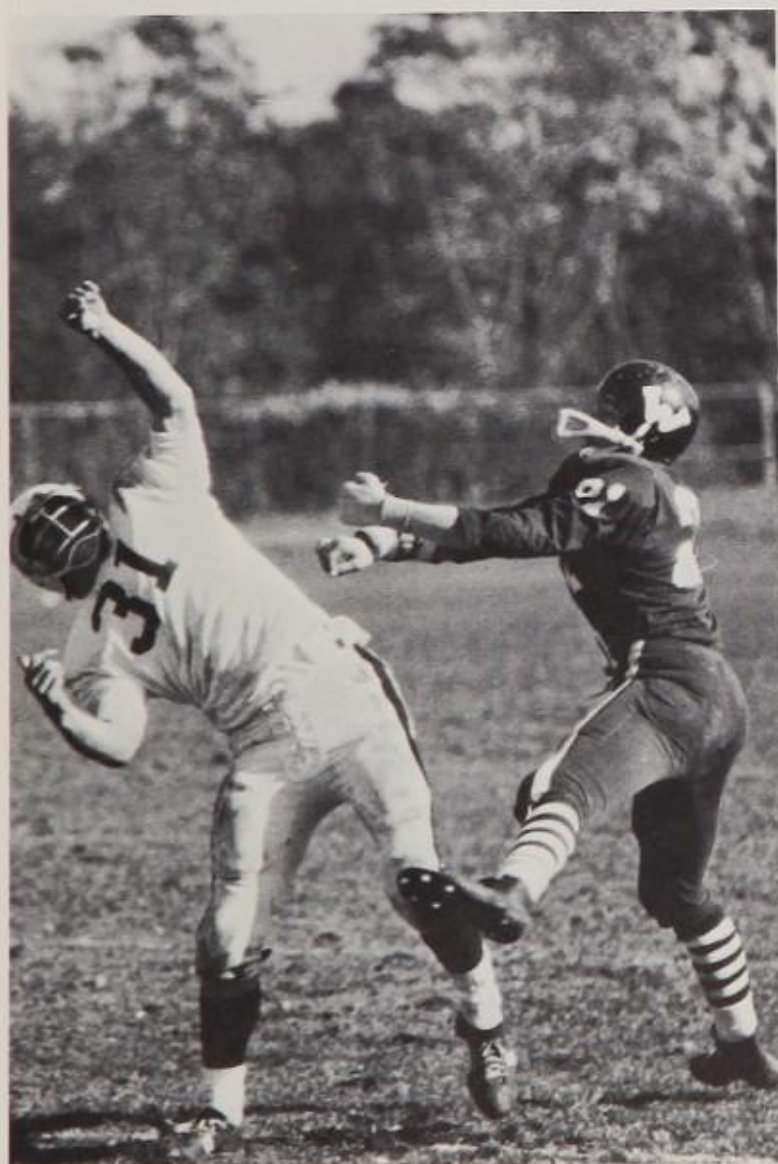

To cap off the magnificent season, backs Steve Levin and Olaf Neilsen were named to the All-New England team, the first year the award has been given. Also seven players made it to the All-County first team: S. McCoy, T. Hunter, S. Levin, D. Hollingsworth, (honorary), T. McIntosh, N. Brickley, and O. Neilsen

The Staples Wreckers came up with one of the most unusual records ever, winning twice, losing four times and amassing three ties! Co-captains were Ralph Ruta and Dave Martin, while other standouts included Jeff Eastin, three years a varsity quarterback, Andy "Parnelli" Heath, Bruce Mills, Dean Swick, Greg Lane, Jim Buchanan and juniors Brian MacDonald, Tom Albertson and Steve Field. Head Coach Paul Lane got quite a bit of mileage out of his squad of basically small but determined gridmen. He was aided by S. Pollack, D. Agness, Bob Bayus, T. Kalif, J. Cole and C. Nistico.

Staples Cross Country

Under the coaching of Tom Haugh and the leadership of Jim Henderson and Chuck Griffith, the cross-country team ended their season with a 7-5-0 record.

The varsity team, comprised of Jim, "Chucky", Scott Davis, Roy Callahan, Bill Gordon, Pete Law and Tom Lo, came in fifth in the counties, putting themselves in the states. Of 18 other schools there, Staples came in in 9th.

Staples Basketball Team

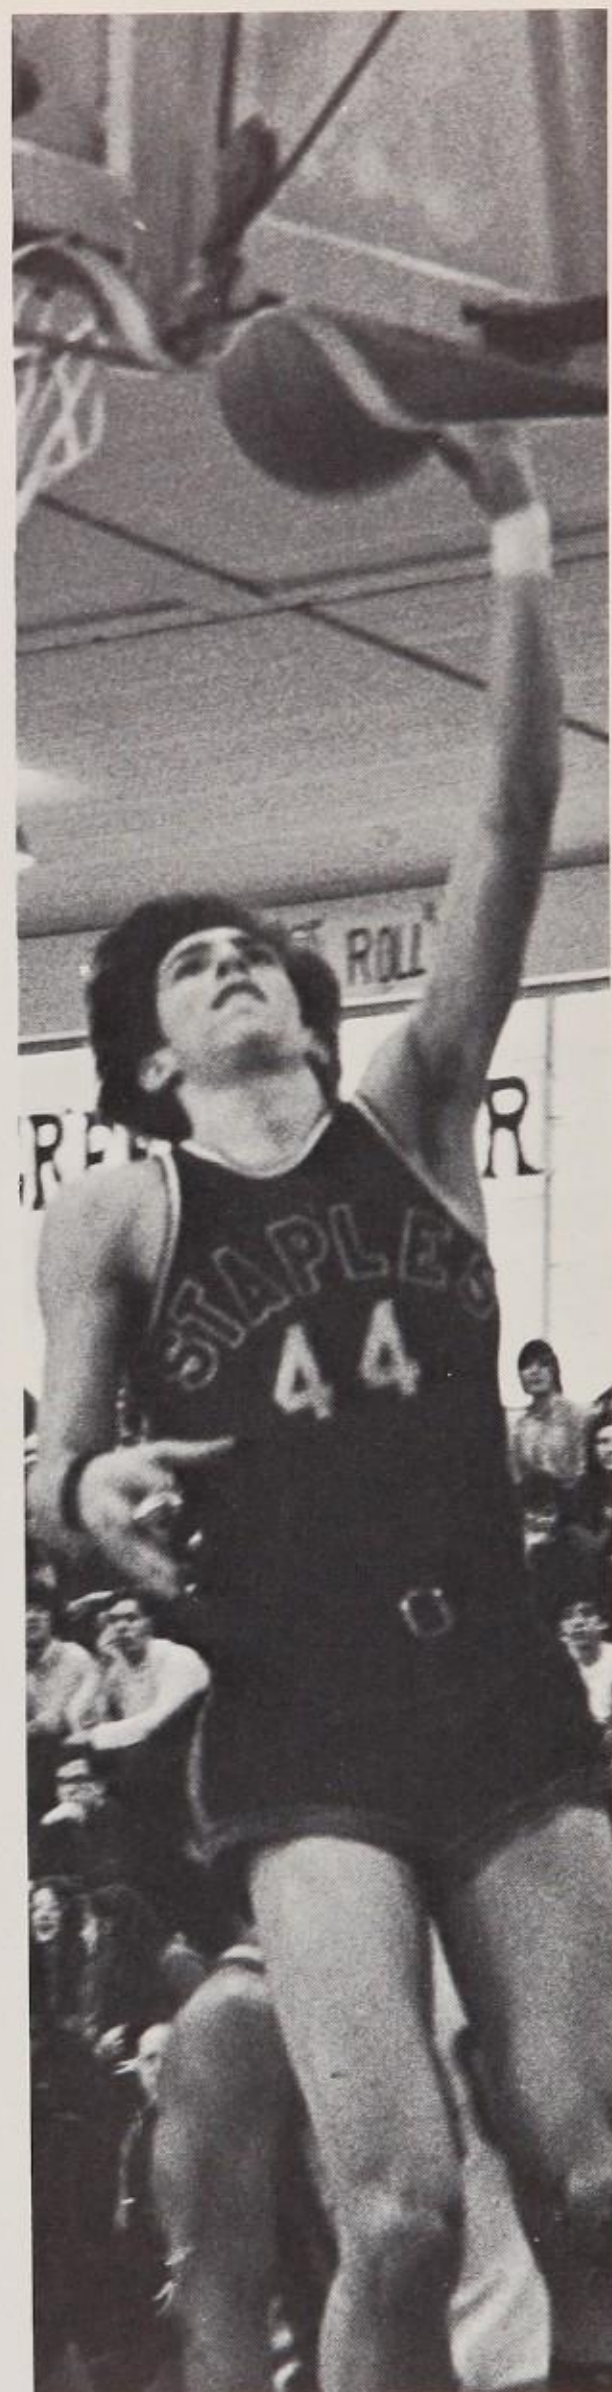

It was an up-and-down year for Coach Brian Kelley's Wreckers, but the final 8-12 record was far better than anyone anticipated in the beginning of the year. Staples constantly pulverized the "big ones" (for instance, they knocked Ludlowe from the ranks of the unbeaten) but fell before the easier teams. When the Wreckers employed the freeze against then-undefeated Rippowam, the home town crowd went wild over "the Most exciting game of the year." Staples also made it to the finals in its own holiday tournament. A small team (except for high scoring 6'5" star Bob Uly), Staples was content to work for the good shot and scare the bigger teams — and they did. Staples' defense was amongst the best in the league. The Westporters were led by Uly and Birtwell, the only two seniors on the team, and Kirk Combe, Derf Robling, Shane Kennedy, Bill Bellock, Brad Stevens (all juniors), and sophomore George Barrett.

Staples Ice Hockey Team

The Staples icy hockey team, under the directions of Coach Jeff Lea and Assistant Coach Bob Holiday, earned for themselves the title of County Champs . . . for the final record, the team had a 6-1-1 in league play and 10-6-2 overall. In the states the Staples team showed their dominance over by winning the first round of the tournament. The second round proved to be different. Even though Staples had fought hard they lost to the Hamden Dragons 6-1, ending their chances to becoming "champs".

Coach Lea probably summarized the whole season when he said, "I'm proud of the way they played . . . Even though they were not state champs, they put everything they had in each game."

Co-captains Roger Beach and Charles Russel, with the rest of the 1971 team give their best to the 1972 team.

Staples Swim Team

"I'm very proud of the team," said Coach Bruce Gariner of the Staples Swim team. "Although many things went wrong as the season came to an end, they kept their heads up. They didn't quit. They are an exemplary group of men and swimmers."

At the state meet, Staples swam to two team records . . . the relay team, made up of Bob Knoebel, Bob Anding, Jon Ball and Monroe Magruder in the 200 yard medley with a time of 1:48.9; and the team of Dean Swick, Jon Ball, Mike Matson and Todd Calish in the 400 yard freestyle relay . . . the time being 3:38.3. The Wreckers were defending champions, but because of difficulties of health and injury, they placed with a disappointing eighth, out of the twenty schools that had competed.

The Co-captains of the team were Bob Knoebel and Dean Swick. It should also be noted that the swim team is the only boy team that has a girl manager, Paula Martin, "who did a fine job in typing and scorekeeping."

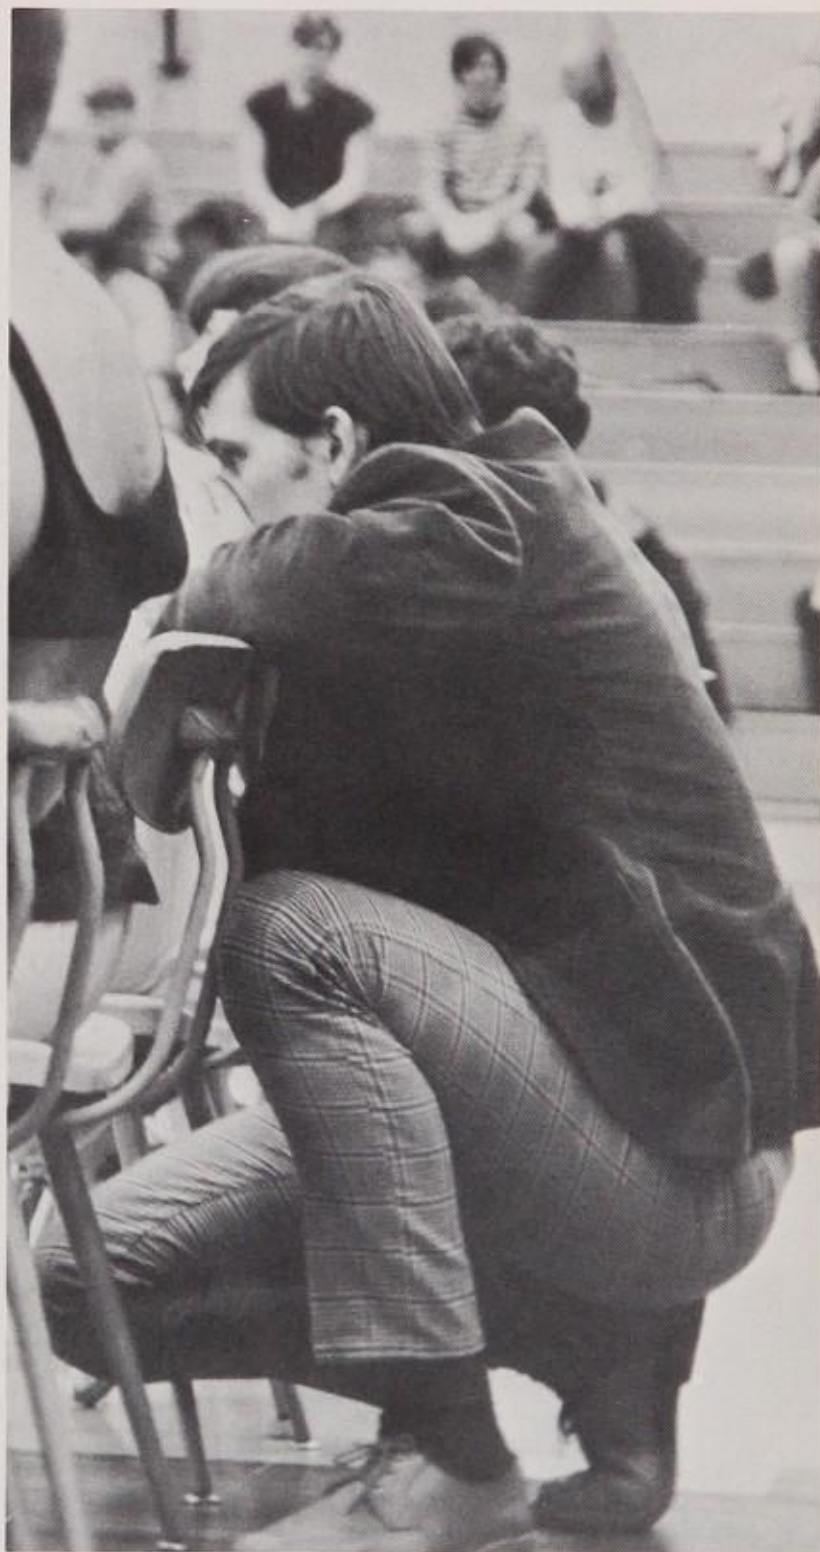

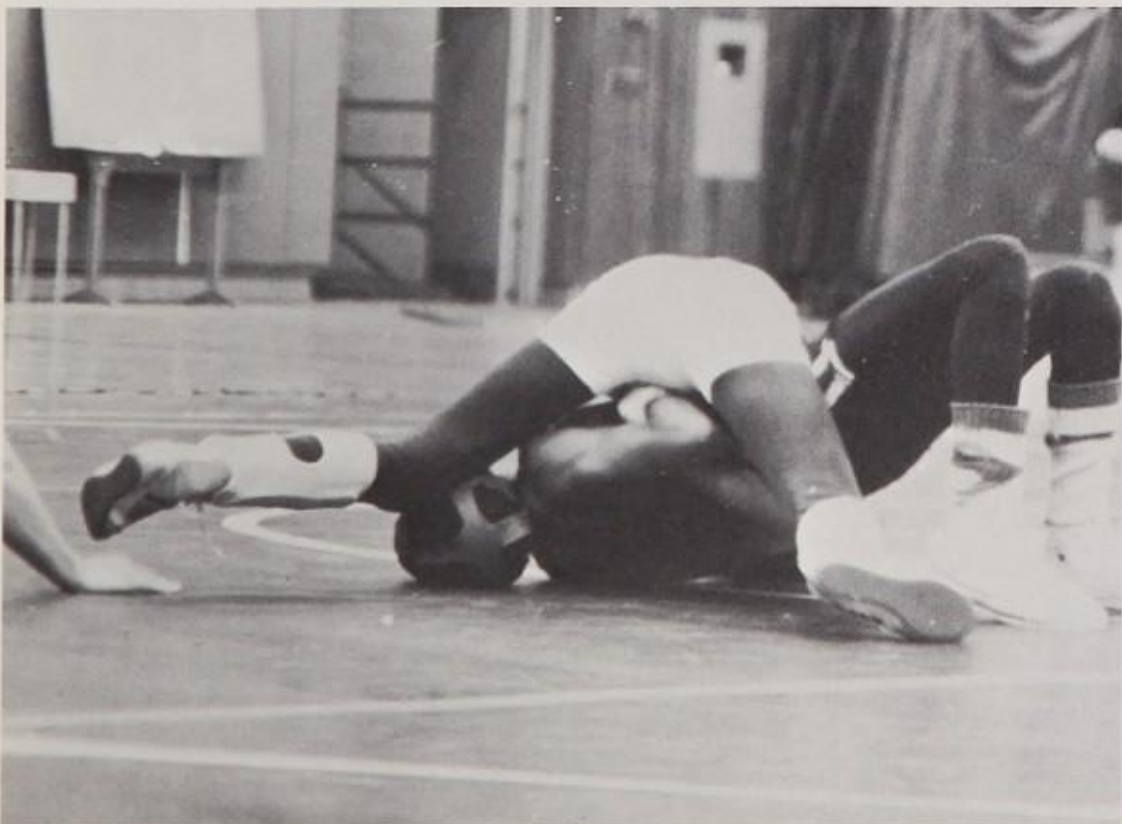

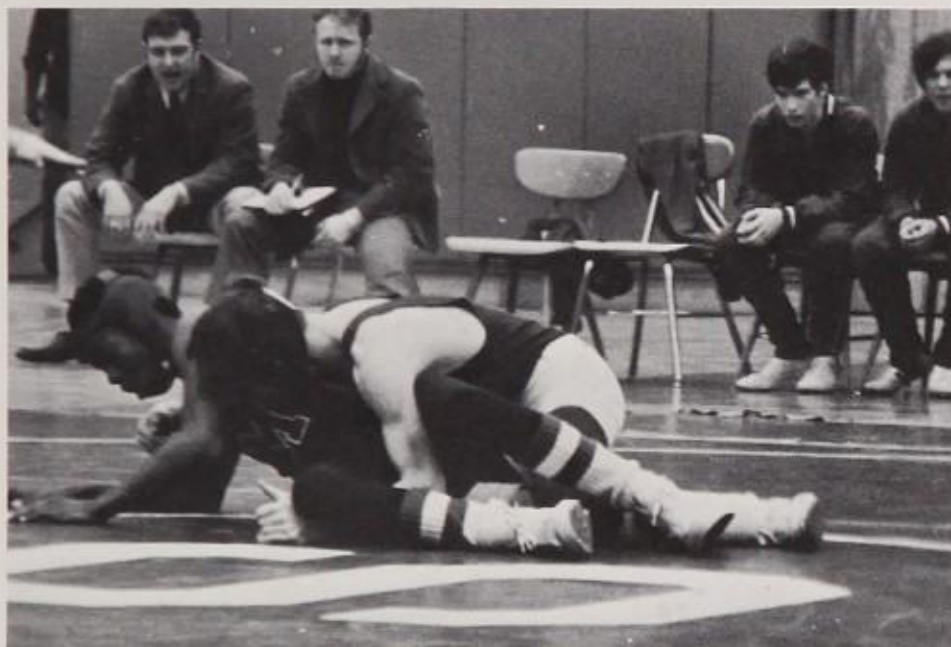

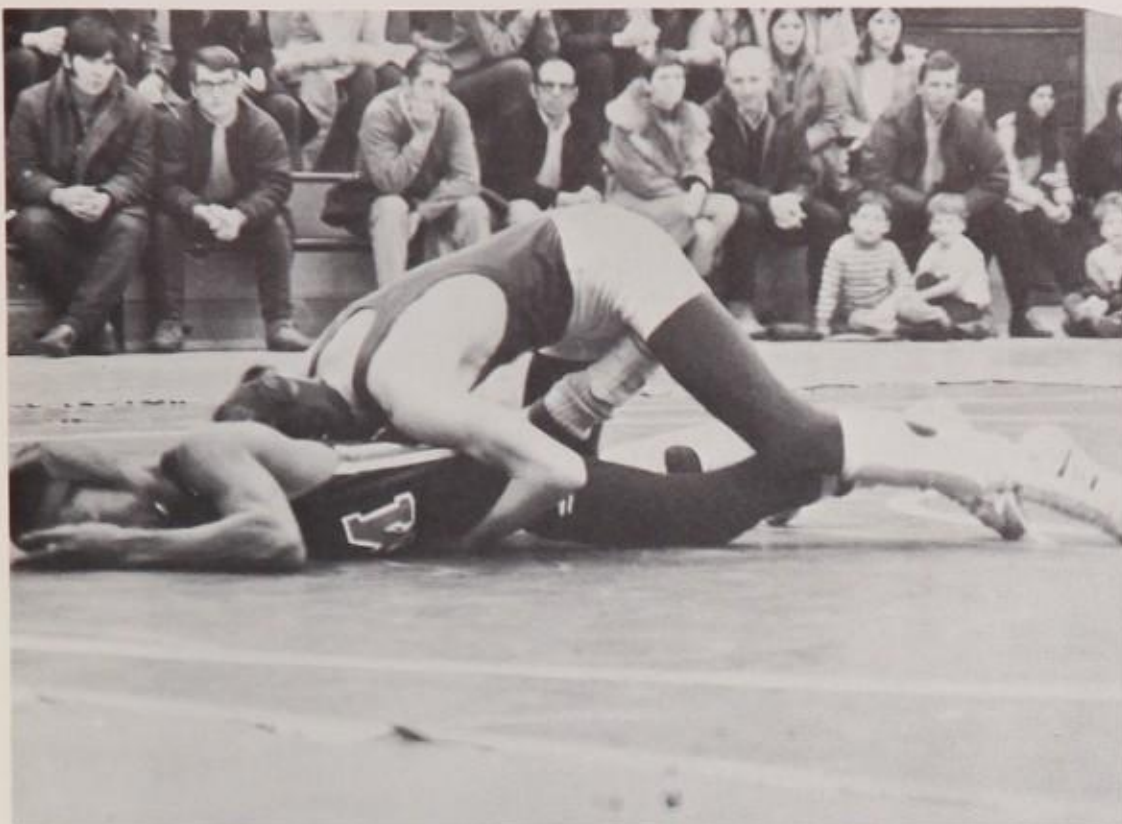

Staples' "Dirty Dozen"

Despite a "poor" 8-4 record, it was a stellar year for the Dirty Dozen, who finished as runners up for the state championship! Dana Hollingsworth, Don Rice and Andy Heath all finished second in the state, while co-captain Jeff Overton came in third. Stu Gagneux and Rick Sadler also qualified for the state tournament, as Coach Pollack's grapplers finished third in the Southwest Sectional Tournament at Stamford. Another highlight was the Staples Holiday Invitational Tournament, at which Staples finished a close fourth. Awards were presented to Dana, Most Valuable Wrestler; Jeff, Most Outstanding; and Don Rice, Fastest Pin in 17 seconds.

Staples Indoor Track

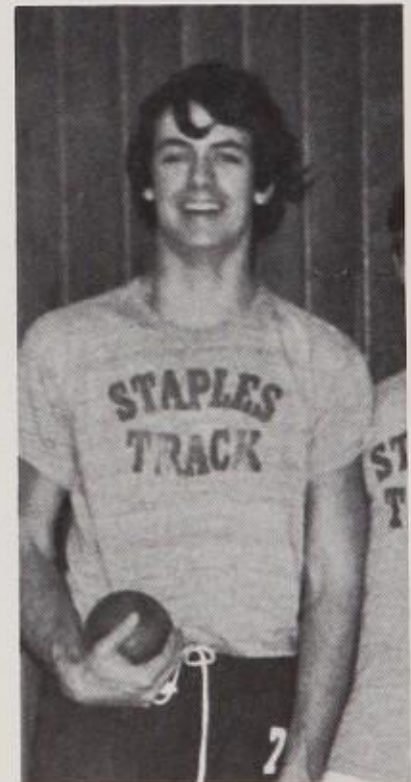

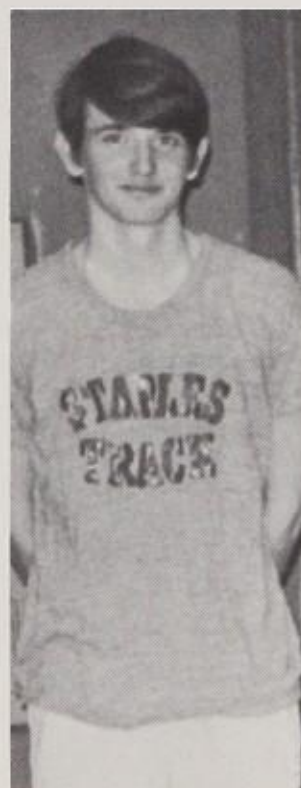

The indoor track team under the direction of "Laddie" Lawrence and Tri-captains Bill Keplesky and Jim Henderson and Dan O'Grady, have made a small team come a long way. Many obstacles faced the runners . . . poor weather, illnesses, injuries, no places to practice, and lack of schools to run against. Despite these the team, by the end of the season became the school to beat! Star runners were Dan O'Grady, Bill Keplesky, Brett Porter, Scott Davis, Chuck Griffith and Jim Henderson; and Charlie Fuenzalida, shot put.

Field Hockey

Another great year for the Girl's Field Hockey Team with a record of 5 wins, one loss, and 2 ties. The girls opened their season with their toughest opponent, New Caanan, and were defeated 2, 0 in a hard fought encounter. In their exciting return match, the game finished scoreless.

The spirit of the team was tremendous all year. Miss Parker has great hopes for next year because her juniors were not only undefeated, but were never scored against all season. Our congratulations to an inspiring coach and a great team!

Harrison's Hustlers

In their first year of league play the Staples Girls Basketball Team finished the season with a commendable 7-3 record. Fine playing placed Staples third in the tough Western league . . . While in non league play Staples beat the winner of the Eastern league, New Caanan, in a 46-38 game.

In the early part of the season the chances for a good season seemed slim, the girls entering their fifth game with a 1-3 record. The Rippowam game proved to be the turning point, Staples squeezing out a 35-33 victory. The rest of the season showed continual improvement, finishing the year with a six game winning streak. Scores also continued to climb, from early season scores in the twenties to later scores near sixty.

This recovery was the outcome of fine coaching, extensive practice, and determination. All these factors were mirrored in the success of Staples' strongest tactics; an impenetrable 3-2 defense and a shattering full court press. Post game comments always included "You won that game on the press." Scoring also played a vital part. Lead by the consistently fine shooting of Martha Kirchof, averaging 13 points a game, many other players reached the double figures.

For the Junior Varsity, composed completely of sophomores, this was a year to gain experience. Playing against teams of more experienced players they improved enough to win their last three games.

To —

Music when soft voices die,
Vibrates in the memory —
Odours, when sweet violets sicken,
Live within the sense they quicken.

Roses leaves, when the rose is dead,
Are heaped for the beloved's bed;
And so thy thoughts, when thou art gone,
Love itself shall slumber on.

The Road Not Taken

Two roads diverged in the yellow wood,
And sorry that I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In the leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I –
I took the one less traveled by,
And that has made all the difference.

– Robert Frost

A Failure To Communicate . . .

It's at the root of almost every alienation in this world: East/West, Hawk/Dove, Management/Labor, Administration/Student, Black/White, Liberal/Conservative, Square/Hippie, Parent/Child. Some of it results from very real differences, in culture and values, in environment, in education, generation and life experiences.

But most of it is caused by a basic human reaction to anything different or unknown — mistrust. When confronted with the unknown, we feel somehow threatened. We seek out others like ourselves. We form an in-group. Associating only with each other, we reinforce our sameness and their difference. We become more and more known. They become more and more unknown. Until we have created the ultimate alienation — We/They.

You've experienced some of these alienations, but you're only starting out. And you're better prepared to communicate than any of your predecessors . . . you're more sophisticated, more informed, more articulate.

Use these advantages. For your own enlightenment and the enlightenment of mankind. Talk to someone different. Whether it's a different ethnic group, a different generation, or a different political persuasion. Talk to him. Listen. And think of all the things that made him the way he is. You may find that you understand him. Not necessarily agree with him. But understand him. And that's the beginning of communication. And the beginning of the end of alienation.

Editor's Note

we started out knowing zilch . . . grease pencil? cropper? 3-R form? huh? never heard of them! we learned alot . . . "how to put our studies second, what real work is, what big mistakes are, the feeling of honest satisfaction when success finally comes . . ."

we fought? disagreed . . . no, fought! we spent christmas vacation, weekends, spring vacation, and part of the summer (1970) working . . . room 509 became a sanctuary to us, with Mr. Gonzales always ready to hear our confessions and pull us out of our innumerable crises.

now that everyting is over i look back at the sacrifices my staff made . . . hours that could be spent sleeping, studying, or just hacking off . . .

the photographers who spent an outrageous amount of time in their darkrooms, emerging only to hear the verdict of their work . . .

from the combined effort of many diligent workers emerged the 1971 STAPLEITE . . . we shared what we saw at staples . . . "the life, the strain, the might, the spirit . . ."

thank you for helping us . . . we hope you can identify with the 1971 STAPLEITE, because without you we could not have created it. we are returning and recording what you have given to us.
